WSU RSO received radioactive material and performs radiation safety checks which do not substantially change any of the above criteria.

Notify the Radiation Safety Office at 509-335-8916 if there are any irregularities in this shipment, such as broken or leaking containers, contamination, or the wrong type of material.

For emergencies after normal working hours please refer to the Radiation Safety Office after-hours call list located in each radioactive materials laboratory, or if appropriate dial 911.

This is to certify that the above named materials are properly classified, described, packaged, marked, labeled and are in proper condition for transportation, according to the applicable federal, state, local and international regulations for the transport of hazardous materials.
